"If you go on a spree then go the whole hog including the postage."

As this "principle," now already universal, arose on that same planet on which you too arose and on which, moreover, you exist almost always on a bed of roses and frequently dance the fox trot, I consider I have no right to withhold from you the information known to me, elucidating certain details of the arising of just that universal principle. *Beelzebub's Tales*, page 35

NEWSLETTER—CALL FOR PAPERS and SEMINAR LEADERS

THE ALL & EVERYTHING CONFERENCE

Conceived in 1996 the conference has developed into a world forum for the presentation and discussion of ideas, themes and music associated with the work of G. I. Gurdjieff.

The conference provides an open, congenial and serious atmosphere for sharing research and investigation of G. I. Gurdjieff's legacy and its relevancy to global, scientific, spiritual and sociological developments. The conference includes the presentation of papers focused on the whole or part of Gurdjieff's teaching, seminars on chapters and themes in *All and Everything* and evening cultural events.

The program is scheduled so as to encourage dialogue and the developing of personal relationships outside the structured meetings. Open by invitation to all serious students of *All and Everything*, this conference is not under the auspices or sponsorship of any Gurdjieff group or umbrella organization.

CALL FOR SEMINAR FACILITATORS FOR CHAPTER DISCUSSION

At each conference we hold seminars (questions, conversation, dialogue) on chapters in *The Tales* and *Meetings*. Our experience is also quite remarkable as we bring our questions and understandings to the group at the conference that is made up of various lineages in this teaching. This provides an opportunity to all in attendance to have a respectful and useful exchange of our understandings and experiences. Facilitators need to have a working familiarity with the chapters that will be discussed. These facilitators are also responsible for the transcriptions of the seminar that they facilitate. The chapters for 2012 are 34, 35, 36 in *The Tales* and in *Meetings*, chapter 8, "Ekim Bey."

Contact information is at:

...even the isolation of the inner life of each individual man is increased, and as a consequence what is called the "mutual instruction" so necessary to people's collective existence is always more and more destroyed.
